"I have tried Peruna and found it an excellent tonic and cure for catarrh. It is good for all catarrhal affections of the stomach and all diseases leading to consumption and bronchial troubles. I believe it to be one of the best medicines on the market, and thousands can testify to its cure with the same pleasure to the public that I can." We have many

letters from women who have had a similar experience.

Mrs. Elizabeth Reuther, No. 508 Twelfth St., N. W., Washington, D. C., writes: "I am pleased to endorse Peruna as a splendid medicine for catarrh and stomach trouble, from which I suffered for several years. I took it for several months and at the end of that time found my health was restored and have felt splendidly ever since. I now take it when I contract a cold and it soon rids the system of any catarrhal tendencies.

"I would not be without Peruna. Although it was over ten years ago that I first gave you my testimonial, I am of the same opinion as when I wrote it, and give you the privilege to use it as you see fit. I still use Peruna when

think it necessary. I am recommending it to my neighbors whenever a chance occurs."
